

GBTS TELEPHONE TREE

The **Membership Committee** has a telephone tree which will be used if we need to notify our members of certain important information in a timely fashion. It might be for cancellations of meetings, events, or workshops, for weather related problems, or power outages, etc. It would also be used for communicating urgent information. The list will change as we get new members.

Each person of the Membership committee will call EVERYONE on their list. If unable to talk directly to the person, leave a message. Also, try to text them. Just do the best you can.

(Note: If the board is already aware of the issue, the membership chairperson will let the committee members making these calls know, and therefore those officers would not need to be called.)

A decision will be made by the President to implement the telephone tree. The Membership Chair Person (Kathy Lesperance – 2025) will be notified, who will then notify the other committee members, and any current guests showing interest in possibly joining.

The following members of the membership committee will notify the remainder members of the club as follows:

CHERIE DORFMAN: Marilyn Adams, Marian Augustine, Lisa Arni, Ann Bendersky, Carol Bishop, Babs Lutton
